PROPERTY DESCRIPTION

This modern, semi-detached house should prove of particular interest to buyers with a young family or who are looking for their first home, as well as those wanting to downsize and be just a short level walk away from shops and other everyday amenities. Also on the ground floor is a small utility room and a rear entrance hallway, with an adjoining w.c., always an asset in any home.

On the first floor are three bedrooms – two doubles and a generous single – with the main bedroom having a two-piece en-suite washroom, in which there is space (and plumbing we are informed) to install a shower unit, if required. There is also a three-piece shower room, which has a larger than standard shower unit and a useful, good sized storage cupboard.

The house has a paved forecourt and double width, blocked paved hardstanding/parking area at the front too. At the side of the property is an area for storing wheelie bins and where a timber garden shed is located. At the rear, where the decked patio is, is a cold water tap.
